

Manufacturing With a Conscience

PREMIUM FACTORY COATED CEDAR SHINGLES

40 years

Cedar Wood

"Our Commitment to a Job Well Done..."

Our complete line of cedar shingles are entirely manufactured, from start to finish, right here at home, in our own facilities. From the log selection to the sawing process, from the packaging to the dry kiln, right up to the coating application in our own state of the art factory coating facility. We check and double-check each Waska® product until it meets our high standard of uncompromising quality.

When you see the Waska® name, you know you are guaranteed a top of the line product. Our priority has always been and will always be to offer our valued customer the very best product on the market. We are so confident in the quality of our white cedar shingles; we offer a forty (40) year warranty against wood decay.

Shingles must be installed following the instructions found in the Waska® web site.

25 Years

2 Coats Solid Stain Finish

Subject to the terms and conditions of this offering and considering normal weathering, Waska® warrants its solid stain for a period of twenty five (25) years from the date of purchase. The warranty covers peeling, blistering and cracking of the finish only. In the event that the product fails during the first five (5) years, Waska®, at its sole discretion, shall either compensate the purchaser for the cost of sufficient amount of stain and labor, or supply the stain and reimburse for the labor required to complete the repair. During the subsequent twenty (20) years, Waska® shall only supply or reimburse the appropriate amount of stain to retouch the affected shingles.

Fading and discoloration caused by normal wear and exposure to the elements are naturally occurring phenomena and do not constitute a product defect, and therefore are not covered under this warranty.

10 Years

1 Coat Solid Stain Finish

Subject to the terms and conditions of this offering and considering normal weathering, Waska® warrants its solid stain for a period of ten (10) years from the date of purchase. The warranty covers peeling, blistering and cracking of the finish only. In the event that the product fails during the first two (2) years, Waska®, at its sole discretion, shall either compensate the purchaser for the cost of sufficient amount of stain and labor, or supply the stain and reimburse for the labor required to complete the repair. During the subsequent eight (8) years, Waska® shall only supply or reimburse the appropriate amount of stain to retouch the affected shingles.

Fading and discoloration caused by normal wear and exposure to the elements are naturally occurring phenomena and do not constitute a product defect, and therefore are not covered under this warranty.

Manufacturing With a Conscience

5 Years

1 Coat Max Sealer™

Subject to the terms and conditions of this offering and considering normal weathering, Waska® warrants its Max Sealer™ for a period of five (5) years from the date of purchase. The warranty covers peeling, blistering and cracking of the finish only. In the event that the product fails during the first two (2) years, Waska®, at its sole discretion, shall either compensate the purchaser for the cost of sufficient amount of stain and labor, or supply the stain and reimburse for the labor required to complete the repair. During the subsequent three (3) years, Waska® shall only supply or reimburse the appropriate amount of stain to retouch the affected shingles.

Fading and discoloration caused by normal wear and exposure to the elements are naturally occurring phenomena and do not constitute a product defect, and therefore are not covered under this warranty.

3 Years

1 Coat Semi-transparent Stain Finish

Subject to the terms and conditions of this offering and considering normal weathering, Waska® warrants its semi-transparent stain for a period of three (3) years from the date of purchase. The warranty covers peeling, blistering and cracking of the finish only. In the event that the product fails during the first year, Waska®, at its sole discretion, shall either compensate the purchaser for the cost of sufficient amount of stain and labor, or supply the stain and reimburse for the labor required to complete the repair. During the subsequent two (2) years, Waska® shall only supply or reimburse the appropriate amount of stain to retouch the affected shingles.

Fading and discoloration caused by normal wear and exposure to the elements are naturally occurring phenomena and do not constitute a product defect, and therefore are not covered under this warranty.

Warranty Conditions & Limitations

These warranties do not apply to damage or failure caused by the breakdown of the underlying substrate; falling objects; improper protection during shipping; negligent storage; lack of proper maintenance; fire; lightning; wind storm; tornado; hurricane; hail or any other acts of God; scratching; abrading; misuse; abuse of the pre-finished product after application; natural staining caused by tannin bleed from the wood.

Warranty on the finish is considered void when shingles are used for a roofing application or any other application other than on a vertical wall structure.

Waska® will not be held responsible for supporting any aspect of the warranty where damage is caused by sleet, ice salt, sand and/or wind.

Shingles with unsatisfactory coating must not be installed and should be returned to the dealer for replacement.

Installation of the product constitutes full and complete acceptance by the client and Waska® will not be held responsible in any way for compensation of labor or material if a defective or sub-standard product is installed.

- Proof of purchase required
- Shingles must be installed following the "Waska® Eastern White Cedar Shingle Installation Guide" and/or instructions found on our web site
